

# TSi MOTION ENGINEERED SYSTEMS

## Manufacturers' Representative

---

### **Nordex, Inc.**

Brookfield, CT

[www.nordex.com](http://www.nordex.com)

Manufacturer of precision gears, pulleys, racks, shafting, gear boxes and custom machined parts. Electro-mechanical sub-assemblies to customer specifications. Engineering design and support.

---

### **Nanotec, Inc.**

Auburn, MA

[www.nanotec.com](http://www.nanotec.com)

Manufacturer of high performance drive solutions. Smart servo/stepper motors. Motor controllers/drives, stepper and BLDC motors, encoders and linear actuator motors. Gear boxes and brakes available.

---

### **Kuroda Jenatec, Inc.**

Kennesaw, GA

[www.kurodajenatec.com](http://www.kurodajenatec.com)

Leading manufacturer of rolled, precision rolled, precision ground and whirled ball screws. Large range of diameters (5mm-125mm) and ball nut configuration. Custom machining to customer print. SBC Linear rails and blocks, sizes 9mm-65mm available from stock.

---

### **Bishop-Wisecarver, Inc.**

Pittsburg, CA

[www.bwc.com](http://www.bwc.com)

DualVee precision linear guide wheels, track, ring slides and segments. Belt, screw and chain driven actuators. Complete turnkey linear and rotary systems, as well as 7th axis robot transfer systems.

---

### **Centryco, Inc.**

Burlington, NJ

[www.centryco.com](http://www.centryco.com)

Centry steel spring covers, bellows, pleated covers & way covers. Roller blind covers/custom bellows available in a wide variety of materials.

---

### **PBC Linear**

Roscoe, IL

[www.pbclinear.com](http://www.pbclinear.com)

U.S. manufacturer of metric precision ground shafting. Custom machining to customer print/shaft supports/end blocks. Linear ball bearings, pillow blocks and roller pillow blocks. Self-lubricating linear slide systems and large offering of driven linear actuators.

---

[www.tsimotion.com](http://www.tsimotion.com)

---

## **Amacoil, Inc.**

Aston, PA

Uhing rolling ring traversing drive units, used in wire-spooling applications. Positioning linear drive nuts.

[www.amacoil.com](http://www.amacoil.com)

---

## **Chambrelan Industrial Slides**

Quebec, Canada

Market leader in design and manufacture of industrial heavy duty telescoping drawer slides. Wide variety of lengths and load capabilities available from stock. Partial extension, total extension and over extension available in steel, stainless steel and aluminum.

[www.chambrelan.com](http://www.chambrelan.com)

---

## **Smith Bearing**

Garwood, NJ

Manufacturer of cam followers (needle rollers) and load rollers in metric sizes. Offered in steel and stainless steel as options for corrosive environment.

[www.smithbearing.com](http://www.smithbearing.com)

**FATH®**

---

## **FATH, Inc.**

Orlando, FL

Global manufacturer offering a variety of components in the area of hinges, handles, quarter turns and gasketing for cabinets and industrial enclosures. Engineered hardware that is used in the assembly and operation of aluminum extrusions for machine framing and custom assembled structures.

[www.fath.com](http://www.fath.com)

---

## **Bell-Everman, Inc.**

Goleta, CA

Design and manufacture motion solutions including gantry systems that offer best of class in precision, quality and value for use in a wide variety of automation applications. Design and manufacture belt based systems that can accommodate high speeds and high precision for both linear and rotary applications.

[www.bell-everman.com](http://www.bell-everman.com)

---

## **Pizzato Electric**

East Syracuse, NY

Leading European manufacturer of position switches, microswitches, foot switches, push buttons and e-stops. Safety and module devices, control & signaling devices.
